Finding Resources for Children with Intellectual Disabilities

Pediatrician and Community Exchange #3

BC Pediatric Society, Feb 23, 2017

Alisa Lipson, MD FRCPC Moderator

THANK YOU!

* Debra Brown, Shire
* Kim MacAuley, Shire
* Reegan Charad, Janssen

Finding Resources

* Learning Objectives
* 1) review needs of children with intellectual disabilities
* 2) to learn what service agencies are available for these children, and what they do
* 3) to learn how to reach agencies in local communities

Topics NOT for tonight

* Autism
* Transitioning to adulthood
* Designation
* School resources
* Psychiatry resources and DDMHS (For 12 and older)

ID: Medical care and beyond

1) review needs of children with ID

MEDICAL:

- Diagnostic issues, medical treatment of primary disorder and associated conditions (eg ENT, seizures, orthopedic, renal)
- Ddx: other developmental disabilities: ASD, language, ADHD, anxiety

ID: Medical care and beyond

AND BEYOND

- Emotional
- Parenting
- Social: behaviour and connections
- Academic
- Recreational
- Family functioning, isolation, need for respite
- Socio-economic
- Language and social barriers

What we asked the guests

2) to learn what service agencies are available for these children, and what they do

3) to learn how to reach agencies in local communities

* What is your mandate
* What are your eligibility criteria
* Website

Case

- Age 2 ½ language delay.
- Medical: "resembles Dad", unusual appearance, mild hypotonia, well grown.
- Pregnancy and birth history: Mom has SLE on rx during pregnancy. GA 37 weeks; BW 2.64kg.

Case

- Development: Walked at 19 months. Seems friendly.
- FH/SH: Mom on disability. Dad died of a brain tumor. Mom works part time. Grandma helps. Mom speaks to K in English, Grandma only in Greek

* Medical workup (eventually): TIDE, microarray, Fragile X all negative. Genetics: no diagnosis.

* Now what?

Developmental resources for under 3

Events

NEW **Check Back Soon!**

* * * * * * *

For further information... **please check out the Supported Child Development Program and the Aboriginal Infant Development Program**

SAFETY RECALLS - Please click here for information on safety recalls.

Speech Language

* Mixed receptive/expressive language disorder

- Age 3 ½:
- Difficult behaviour, ‘always angry’.
- In local daycare: Needs constant monitoring, pushes and spits at peers, non-compliant, anxiety with anything new
- Limited understanding generally.
- Now what?

Alan Cashmore Centre

Child Development Centres

* BC Centre for Ability
* Supported Child Development

* The Centre for Child Development in Surrey

* Mom gets parenting support at Alan Cashmore. (ADHD, disruptive beh, safety risk, responds with aggression)
* Centre for Ability
* Attended Small Talk Preschool; Supported Child Development

* On waitlist for CDBC

CDBC: age 5 yr 2 mo

Behaviour observations:

* Very short attention span even for preferred activities.
* Explored room, touching and tossing toys. With attempts to control beh, he tried to break things and hit his mom and clinician and made threatening faces.

* Poor fine motor skills, hard to understand language output. During testing gave up quickly. Used bathroom talk with wrong answers: reacted well if correct.
* Showed remorse.

CDBC: age 5 yr 2 mo

* WPPSI-III Full Scale <1st percentile, Extremely Low
* DAS (Differential Ability Scale): picture matching: low average
* Vineland: Moderately Low to Low
  * Communication: 1st %ile
  * Daily Living: 4th %ile (loves to help at home)
  * Communication: 1st %ile

CDBC: age 5 yr 2 mo

* Moderate ID (DSM-IV)
* Moderate speech/language delay
* Low motor skills (commensurate with intellectual functioning)
* At risk for ADHD

CDBC

BREAK

* Age 6:
* Full time support at school “revolving door”; manipulated some EA’s. No support at lunchtime (problems).
* Tried on Ritalin, which did not help.
* Health: Frequent daytime urination; night time is dry. Sleep difficulties.
* Astigmatism needs glasses.

* better with mom, as she had learned some skills.
* No friends. Sad he does not have a dad.

* Now what?

* Ministry of Children and Family Development

* Developmental Disabilities Assn
* FASD/Complex Needs Key Worker
* Family Support Institute
* Disability Tax Credit

What is next?

* Autism
* Developmental Disabilities, transitioning to adulthood (work, independent living)
* Poverty and what pediatricians can do
* More about organizations presented tonight
* Organizations that support recreation, community living
* OTHER?
