

We're Hiring

Pediatrician

Island Health

Vancouver Island, BC - unceded and traditional territories of the Coast Salish, Kwakwaka'wakw and Nuuchahnulth Peoples

Island Health is welcoming applications for Pediatricians and Pediatric Subspecialists to join collaborative medical communities across Vancouver Island, BC. Opportunities are currently available in Nanaimo, Duncan (Cowichan Valley), Port Alberni and Victoria, offering a range of practice environments from community pediatrics to regional subspecialty care.

Nanaimo

- Join an established collegial pediatric team at Nanaimo Regional General Hospital with opportunities to build a consulting community practice supported by funded on-call schedules. The hospital includes a dedicated pediatric ward, outpatient pediatric services, and a state-of-the-art Level 2B NICU supporting infants requiring specialized neonatal care. Nanaimo also offers opportunities for academic involvement through UBC teaching programs.

Cowichan Valley (Duncan)

- Practice within a collaborative medical community at Cowichan District Hospital, serving a thriving and growing region. Physicians work alongside a broad network of family physicians and specialists while benefiting from an expanding healthcare system, including a new Cowichan District Hospital expected to open in 2027 with increased inpatient, operating room and critical care capacity.

Port Alberni

- Provide pediatric care within a welcoming community hospital environment serving local residents and surrounding coastal and First Nations communities. West Coast General Hospital supports a broad regional population and offers physicians the opportunity to practice comprehensive pediatrics within a collegial medical environment with shared call models and rural incentives.

Victoria

- Victoria General Hospital provides regional pediatric specialty services supporting communities across Vancouver Island. Opportunities include pediatric subspecialty practice within a collaborative tertiary care setting alongside pediatric specialty teams including NICU, PICU, cardiology, neurology, nephrology, oncology, allergy and immunology, surgery and respiratory.

Across all communities, physicians may have opportunities to:

- Join collaborative pediatric and multidisciplinary healthcare teams
- Participate in medical education through University of British Columbia teaching affiliations
- Build varied and rewarding pediatric practices
- Access modern facilities and expanding healthcare infrastructure
- Practice in permanent and locum opportunities depending on community needs

The Communities

Island Health acknowledges with respect and humility the Coast Salish, Nuu-chah-nulth, and Kwakwaka'wakw Peoples on whose unceded traditional territories we provide care and services.

Renowned for its breathtaking natural beauty, Vancouver Island offers exceptional west coast living with communities that range from vibrant urban centres to coastal and rural settings.

Whether living in Victoria, Nanaimo, Duncan, Comox Valley, or Port Alberni, physicians enjoy close proximity to outdoor recreation including hiking, mountain biking, skiing, kayaking, fishing, golf, sailing, and running, alongside vibrant arts, culture, and excellent educational opportunities.

Vancouver Island offers physicians and their families an opportunity to combine meaningful work with an exceptional quality of life.

Benefits:

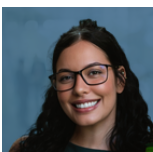

- May be eligible for additional remuneration in accordance with the Ministry of Health's Rural Subsidy agreement. Excluding Victoria and Nanaimo.
- <https://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/physician-compensation/rural-practice-programs>

Remuneration: Fee-for-Service, Medical-On-Call Availability Program

Education, Training and Experience

- Fellow of the Royal College of Physicians and Surgeons of Canada (FRCPC) in Pediatrics, or eligible
- Subspecialty certification where applicable
- Eligible for licensure with the College of Physicians and Surgeons of British Columbia
